Dear Mr. President:

On behalf of the Association of Assistive Technology Act Programs (ATAP), we would like to express our sincere gratitude for providing a \$6.5 million increase for the Assistive Technology Act in the President's Budget Request for the FY 2022 budget.

This increased funding would help in giving the State AT Programs the necessary funding to offer the full range of AT activities in support of diverse populations across the country as intended by the current statute. AT services for people with disabilities will be boosted in all states due to this increased allocation.

ATAP looks forward to engaging with the Administration and with Congress to secure these funds. Thank you again for your efforts on behalf of the State AT Act Programs, which is so important to Americans with disabilities.

Sincerely,

A handwritten signature in blue ink that reads "Audrey Busch".
